

VALIANT + Deltek INTEGRATED

A PARTNERSHIP THAT MAKES A DIFFERENCE

WHAT WE DO

Valiant Solutions is a Deltek Product Marketplace Partner and leading developer of workforce management software built for government contractors with remote hourly uniformed employees.

WHAT YOU CAN EXPECT

A single-source platform of integrated HR, scheduling, time and labor management, payroll and billing modules leveraging a highly efficient data flow to Deltek's Costpoint ERP solution.

BENEFITS

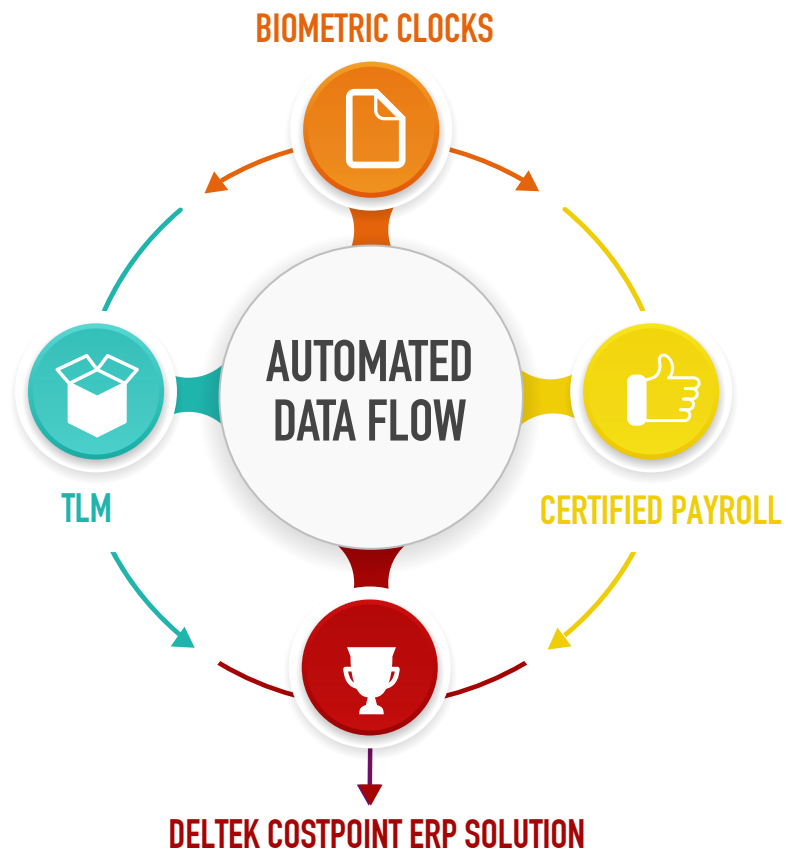

Proven best-of-breed software applications providing sustainable success for government contracting for over 15 years.

Highly Experienced Staff in contract security support and implementation.

Unique TLM Solution, addressing complex requirements in managing large, hourly, remote multi-client workforces, ensuring contract compliance on a 24/7 basis.

Certified Payroll, fully integrated with its TLM scheduling / time management application, boasting industry expertise and personalized service.

Versatile Biometric Clocks, fully integrated with our TLM scheduling and time management application and ability to work off-line, in rugged settings.

ALL YOUR DATA, ALL IN ONE PLACE.

Government Contract Workforce Management Forecast: 100% Chance of Winning with Valiant.

For over 23 years, Valiant has maintained proven best-of-breed software solutions, support teams and implementation teams with expertise in contract security. Our single-source software provides biometric time management, scheduling, certified payroll, billing, and compliance tracking, seamlessly integrating with Deltek's Costpoint ERP solution.

Biometric Clocks - Valiant's versatile biometric clocks have the ability to work off-line in rugged settings, and are fully integrated with our TLM scheduling/time management software. Get a true, real-time payroll to billing reconciliation with features like biometric fingerprint validation (for accurate clock in/out punches) and Ethernet/cellular connectivity to promote staffing compliance and integrity.

Certified Payroll - Valiant's comprehensive certified payroll is fully integrated with its TLM scheduling/time management application and boasts industry expertise and personalized service. Get scheduling with an accrual system for very complex CBA's, full benefit maintenance including union reporting, health & welfare, Work Opportunity Tax Credits (WOTC)/Veterans Credits, PTO accruals, commuter benefits, workers comp, 139 report, 401K and unemployment claims management.

Time & Labor Management - Manage your hourly workforce within Service Contract Act (SCA) guidelines with speed and accuracy. Get paid faster through unrivaled compliance standards and take control of hours within your contractual obligation, pay & bill in real-time, track licenses, permits, training and availability. The resulting impact on your workforce? A reduction in costly audits, a boost in pay timing and the ability to pay your most valuable asset (your workforce) accurately and on time.

Let's Huddle.
