

uConfirm® Employment & Income Verification Services

You have options.

Eliminate **100%** of your verification workload
by outsourcing to uConfirm.

Yes, we can do that.

No Cost

To employers, employees,
or social service agencies

Expedited Conversion

Accepting employee data
in your current format

Secure + Compliant

Data is only released to
authorized verifiers with
employee consent

Seamless Process

No company code or salary
key required

Self-Service Portals

Real-time reporting tools
provide employer with
complete visibility

Leading employers turn to uConfirm to
alleviate the HR burden of fulfilling
verifications of employment and income.
This allows internal resources to focus on
higher value tasks and initiatives.

How it Works

All third-party requestors are
referred to uConfirm's secure
web-based platform.

Verifiers can utilize the
self-service portal to request
VOE + VOI reports, with em-
ployee's consent.

Commercial verifiers are
charged one-time per request,
and social service verifiers can
receive reports at no cost.

Secure, Confidential, and Accurate Verifications

For the past 25 years, our mission has been to provide a fully-managed service to completely eliminate the verification workload at no cost to the employer, while providing compelling value for all stakeholders. uConfirm's uniquely secure process gives employees the peace of mind that their data is only released to authorized verifiers with their consent. Our service model is employer and employee-centric, focusing on relieving outlier verifications that take valuable time and internal resources to complete.
