Submit

TCC prepares/submits WOTC applications to state agencies within 28 days of hire date

Calculate

State agencies issue certifications and TCC uses payroll data to calculate and deliver credits monthly

Claim

Client claims credit on federal tax return

Leading Technology for Talent Acquisition...

New Level of Reporting

The key to driving WOTC compliance and performance is access to critical metrics. While the industry follows 20 year-old lagging indicators, we leverage a powerful reporting engine and a proprietary set of lead measures that dig deeper and enable action.

Flexible Technology

Our tools offer endless configuration and customization options, as well as pre-built integrations with the largest and most respected Applicant Tracking Systems and Human Capital Management software solutions.

Client Success

We help clients of all sizes, in all industries, with over 10 million candidates screened annually. Our mission is to eliminate all barriers to client success. We leverage an active approach to WOTC program management in every sense.

...with seamless integrations to leading ERP, HCM and ATS systems.
