Marketplace Partner

Credit Card Acceptance That Makes Sense for You

- Accounting and ERP software integration
- Simple reporting and deposit reconciliation
- Access to multiple payment platforms
- Secure transactions through tokenization, encryption and fraud protection

Integrated Invoicing Solution

The simple digital invoicing solution you need. You email an electronic invoice to your customer. They click to pay through the secure online portal. Integrates with your existing accounting software.

Who We Are

Since 2005, Infintech has been helping businesses be more competitive and profitable. We're known industry-wide for our exceptional experience, integrity, and personalized, U.S.-based customer service.

If you think all payment companies are the same, think again.

Let's get you up to speed.
