Purpose of this Report

Every October, Deltek identifies and assesses the top 10 small business federal contract opportunities for the new fiscal year.

The FY 2026 Top 10 small business opportunities total contract value is approximately **\$45.0 B**, consisting of prime contract opportunities from a variety of agencies and industry segments.

This report reveals key trends and patterns in the procurements as compared to prior years to assist vendors in their business development.

- » Drawn from Deltek's GovWin IQ Federal Opportunities database
- » Vetted by Deltek's team of analysts
- » Bellwether opportunities for the coming fiscal year
- » Determined by total expected contract value or anticipated ceiling value
- » Estimated solicitation dates in fiscal year 2026
- » Opportunities are 100% set-asides

Scope

- » Deltek RFP estimated dates are based on our analysis of the earliest potential RFP release date by the government to ensure industry does not miss any procurement activity. As a result, dates will frequently shift as the government solidifies its acquisition plans.
- » The assigned values may vary between published values, government estimates and Deltek estimated values. For its estimated values, Deltek reports the highest possible contract value for any opportunity.
- » The report is intended to be viewed in presentation mode for better readability and hyperlink enablement.

Small Business Trends

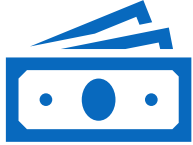

Top 10 Small Business Federal Opportunities for
FY 2026

Top 10 Small Business Federal Opportunities for
FY 2025 Status Update

Additional Resources

Planned Increases to 200+ Receipt-Based Size Standards

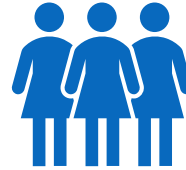

Receipts

“Total income” (or “gross income”) plus the “cost of goods sold.” Numbers can be found on the business’s IRS tax return forms.

Averaged receipts over latest 3 or 5 complete fiscal years. If in business less than 5 years, multiply average weekly revenue by 52

If average above results =
Large Business

If average below results =
Small Business

Employees

All individuals employed on a full-time, part-time, or other basis; includes temporary employees and employees of its domestic and foreign affiliates.

Average number of employees for each of the pay periods for the preceding completed 12 calendar months. If in business less than 12 months, then use employee count for each pay periods during in business

Most services and some product size standards are receipt-based, manufacturing is usually employee-based

Planned Changes

- » Proposed Rule issued August 22, 2025
- » Comment Period ends October 21, 2025
- » 450+ Codes Receipt-based codes reviewed
 - » 200+ will increase
 - » 1 will be eliminated
 - » Zero will decrease
 - » Rest remain the same

Notable Revolutionary FAR Overhaul (RFO) aka FAR 2.0 Changes

2

Rule of Two (2)

Statute remains in place for contracts: when 2 or more SBs can provide the supplies or service between the micro-purchase threshold (MPT) (\$20K for US, \$35K for outside US) and Simplified Acquisition Threshold (SAT) (\$350K)

FAR Council retained rule for acquisitions above SAT

Does **NOT** apply to Task Orders, up to contracting officer's discretion and not a basis for a protest

8(a) Sole Source (or not)

If acquisition is below the competitive threshold (\$8.5M for manufacturers; \$5.5M for all other baselines) contracting officers must first try a competitive task order acquisition using SBA-approved vehicles **BEFORE** considering 8(a) sole source awards

Required Use Vehicles

The Office of Procurement Policy (OFPP) will designate contracts as "required use." These contracts are mandatory, unlike Best-In Class (BICs), which are strongly preferred but not required.

For use when BICs don't fit the requirements and to avoid the agency creating new contracts when there may be an existing one in place.

CMMC 2.0 Live November 10, 2025!

What is it?

- » Cybersecurity Maturity Model Certification (CMMC) ensures contractors protect:
 - » Federal Contract Information (FCI)
 - » Controlled Unclassified Information (CUI)
- » Key DFARS Clauses:
 - » 252.204-7021 – Inserts CMMC requirements into contracts.
 - » 252.204-7025 – Supports implementation.

When is it?

- » Phase 1 Begins: November 10, 2025
- » Launches a 3-year rollout of cybersecurity requirements for DoD contracts.
 - » Years 1-3: Requirements apply only when program offices specifically determine a CMMC requirement is needed
 - » Year 4 and beyond: Requirements apply to all contracts involving FCI or CUI processing, except exclusively COTS (commercial off-the-shelf) items
- » Full Compliance: Required by Year 4 (2028).

Requirements:

- » CMMC Level 1 & 2 included in new contracts.
- » Contractors must self-assess and submit scores to SPRS (Supplier Performance Risk System).

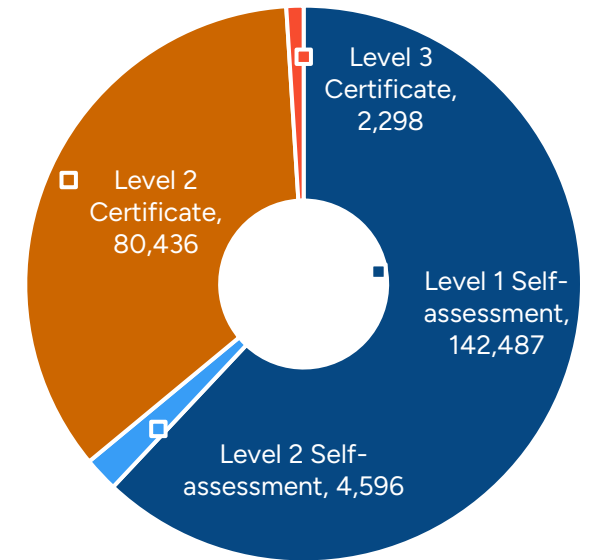

What do YOU need to do?

- » Maintain NIST SP 800-171 implementation.
- » Update SPRS scores.
- » Determine applicable CMMC level.
- » Identify and address cybersecurity gaps.

Three CMMC Levels:

- » **Level 1: Basic Safeguarding of FCI** = Annual self-assessment and annual affirmation of compliance with the 15 security requirements in FAR clause 52.204-21.
- » **Level 2: Broad Protection of CUI** = Either a self-assessment or a C3PAO assessment every three years, as specified in the solicitation. Decided by the type of information processed, transmitted, or stored on the contractor or subcontractor information systems. Annual affirmation, verify compliance with the 110 security requirements in NIST SP 800-171 Revision 2.
- » **Level 3: Higher-Level Protection of CUI Against Advanced Persistent Threats** = Achieve CMMC Status of Final Level 2. Undergo an assessment every three years by the Defense Contract Management Agency's Defense Industrial Base Cybersecurity Assessment Center (DIBCAC). Provide an annual affirmation verifying compliance with the 24 identified requirements from NIST SP 800-172.

DOD's Estimated Count Impacted SBs by CMMC Level*

Solutions for Intelligence Analysis (SIA 3)

Opp ID # 247496

The Defense Intelligence Agency (DIA) seeks to expand the small business pool of contractors to fulfill the Solutions for Intelligence Analysis (SIA 3) mission of operational agility of the Defense Intelligence Enterprise (DIE) with tailored acquisition support for Intelligence Analysis and Analytic Enabling services.

Buying Organization: Professional Services

Solicitation Date: 10/2025 (Deltek Estimate)

Award Date: 01/2026 (Deltek Estimate)

Value: \$17.1 Billion (Government Estimate)

Competition Type: Small Business

Primary Requirement: Defense Intelligence Agency

NAICS Code: 541990, All Other Professional, Scientific & Technical Svcs

What You Should Know

- » Top Secret clearance with Sensitive Compartmented Information (SCI) access required
- » Any awards will be sharing in the overall SIA 3 ceiling (\$17.1B), and the duration will line up to expire with the original awardees (August 2029)
- » The acquisition will use the [Acquisition Resource Center \(ARC\) portal](#) due to the sensitive nature of the requirement
- » Contract (task order) types include Time and Materials (T&M), Fixed Price, and Cost
- » Only one original awardee (Black Hawk) remains a small business under NAICS 541990 (Size Standard \$19.5M)

Due to the sensitive nature of the work, contract spending data is not available

DHS Wide Temporary Facilities and Services

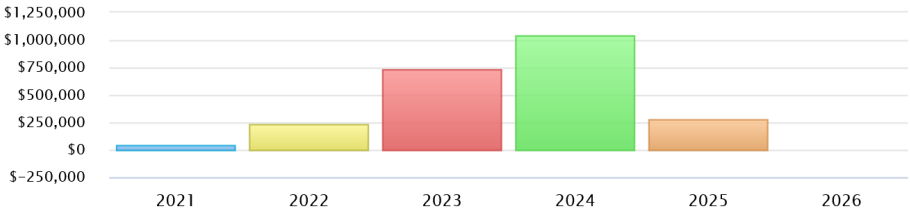

The Department of Homeland Security (DHS) may have a continuing requirement for temporary facilities and services for the entire department. The immediate requirements at the outset of the initial award was the southern border, but the place of performance is available to the US and its territories.

Buying Organization: DHS
Solicitation Date: 11/2025 (Deltek Estimate)
Award Date: 03/2026 (Deltek Estimate)
Value: \$7.5 Billion (Deltek Estimate)
Competition Type: Small Business (GSA MAS BPA)
Primary Requirement: Facility Support Services
NAICS Code: 561210, 531120, 541611, and 541614

What You Should Know

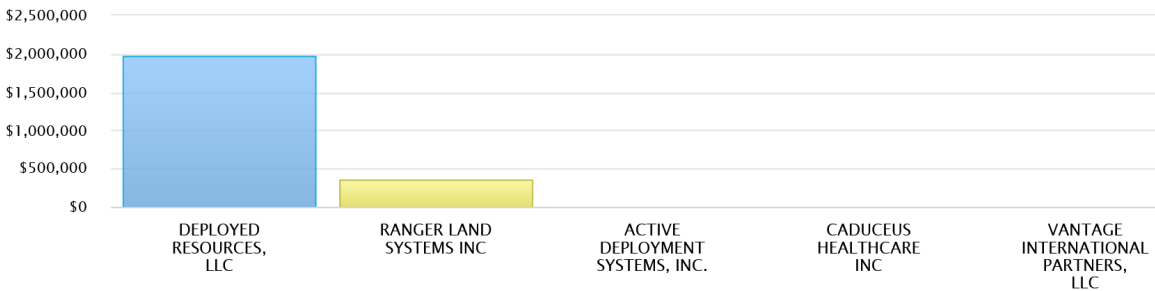

- » The original award value was \$3.5 Billion; this was increased at the On Ramp to \$7.5 Billion
- » Of the 5 awardees, Deployed Resources, Ranger Land Systems and Active Deployment systems are no longer small businesses under the related NAICS
 - » Caduceus Healthcare Inc. is small under NAICS 561210, 531120 and 541611 but not 541614
 - » Vantage International Partners, LLC remains small under all 4 NAICS
- » The previous BPA and On Ramp were solicited through the GSA MAS under the following Special Identification Numbers (SINs):
 - » 541614 - Deployment, Distribution and Transportation Logistics Services
 - » 561210FAC - Complete Facilities Maintenance and Management
 - » 532490P - Lease/Rental of Pre-Engineered/Prefabricated Buildings and Structures

Spending Analysis (\$000)

FY2021	49,659
FY2022	232,740
FY2023	732,482
FY2024	1,046,272
FY2025	279,718
FY2026	-1,900

Competitive Analysis (\$000)

Rapid Response Hardware Solutions for the Prototype Integration Facility 2027 (PIF IV)

Opp ID # 240066

The Army Futures Command (AFC) DEVCOM Aviation and Missiles Center (AvMC) is conducting a follow-on procurement to provide rapid response hardware solutions on behalf of the Prototype Integration Facility (PIF) at Redstone Arsenal, Alabama. Capabilities required to perform these services include, but are not limited to design and analysis, modeling and simulation, rapid prototyping, mechanical fabrication, comprehensive program management, research and development, engineering, fabrication, and subsystem/system integration.

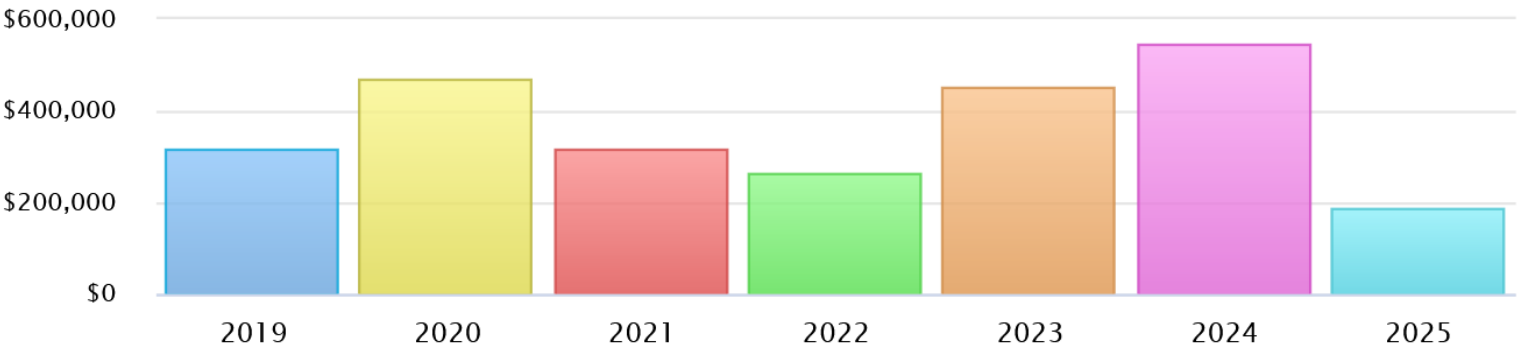

Buying Organization: Army
Solicitation Date: 01/2026 (Government Estimate)
Award Date: 11/2027 (Deltek Estimate)
Value: \$6.0 Billion (Government Estimate)
Competition Type: 8(a)
Primary Requirement: Aircraft & Airport Equipment
NAICS Code: 336413, Other Aircraft Part & Auxiliary Equipment Manufacturing

What You Should Know

- » DRFP was issued October 2024; a Sources Sought Notice was issued in November 2024
- » Solicitation originally expected October 1, 2025, was pushed out to January 5, 2026 in a July 2025 Special Notice
- » Solicitation documents may be released on the [Procurement Integrated Enterprise Environment \(PIEE\)](#) procurement portal
- » Incumbent Defense Systems and Solutions is a joint venture between Yulista Integrated Solutions, LLC (YIS) and Science and Engineering Services, LLC (SES).
 - » Yulista Integrated Solutions exited the 8a program in August 2023
- » Over 300 task orders were awarded against incumbent contract
 - » More than 350 unique subcontractors reported with more than 1,200 unique actions

Spending Analysis (\$000)

The current contract is held by Defense Systems and Solutions

FY2019	319,250
FY2020	469,960
FY2021	320,482
FY2022	267,130
FY2023	452,731
FY2024	546,020
FY2025	185,392

HHS One Professional Services Solution (HOPSS)

Opp ID # 249137

The Department of Health and Human Services, National Institutes of Health, has a requirement for One Professional Services Solution (HOPSS). Through this effort, contractors will provide a range of professional services in support of the HHS mission and strategic plan for functions related to STEM and the business and operational services to support STEM activities.

Buying Organization: HHS

Solicitation Date: 05/2026 (Deltek Estimate)

Award Date: 04/2027 (Deltek Estimate)

Value: \$3.6 Billion (Deltek Estimate)

Competition Type: Small Business

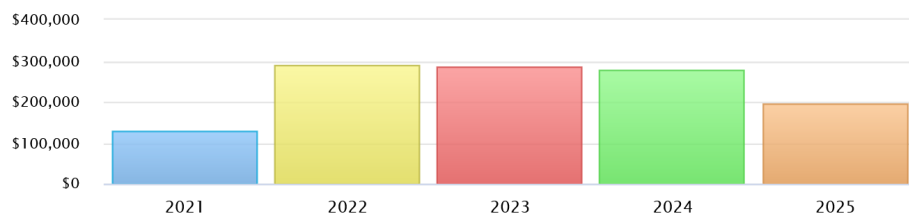

Primary Requirement: Professional Services

NAICS Code: 541690, Other Scientific and Technical Consulting Services

What You Should Know

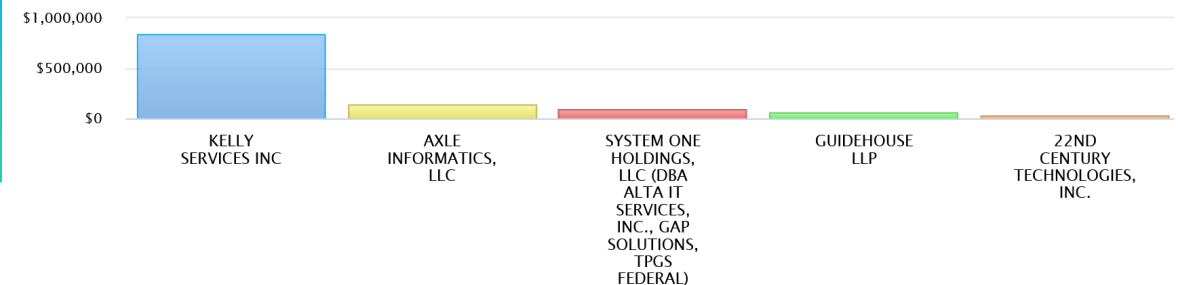

- » Follow-on to the Scientific, Operations, and Administrative Resources (SOAR) opportunity
 - » Procured using full and open competition
 - » None of the 5 incumbents are small businesses under NAICS 541690 (size standard \$19.0 million)
 - » SOAR was NIH-specific, HOPSS will be HHS-wide
- » Value based on incumbent contract total award value, HOPSS expected to be higher value due to expansion to all HHS
- » Incumbent contracts were extended to now expire in 2027
 - » Acquisition timeline delayed due to potential reorganization of the Acquisition Office

Spending Analysis (\$000)

FY2021	127,483
FY2022	290,348
FY2023	284,475
FY2024	277,269
FY2025	196,723

Competitive Analysis (\$000)

Special Operations Forces Global Services Delivery (SOFGSD)

Opp ID # 207172

The Department of Defense (DoD), U.S. Special Operations Command (USSOCOM), has a requirement for Special Operations Forces (SOF) Global Services Delivery (SOFGSD).

Buying Organization: DOD USSOCOM

Solicitation Date: 11/2025 (Government Estimate)

Award Date: 05/2026 (Deltek Estimate)

Value: \$3.2 Billion (Government Estimate)

Competition Type: Small Business

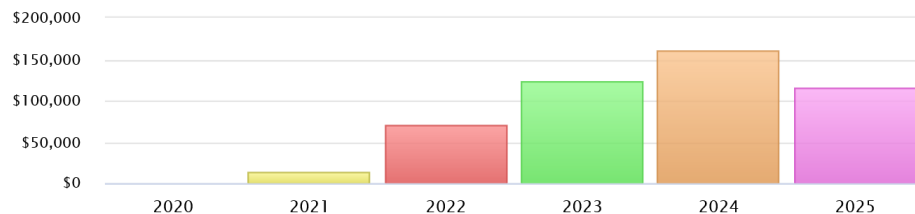

Primary Requirement: Professional Services

NAICS Code: 541611, Admin Mgmt & General Mgmt Consulting Svcs

What You Should Know

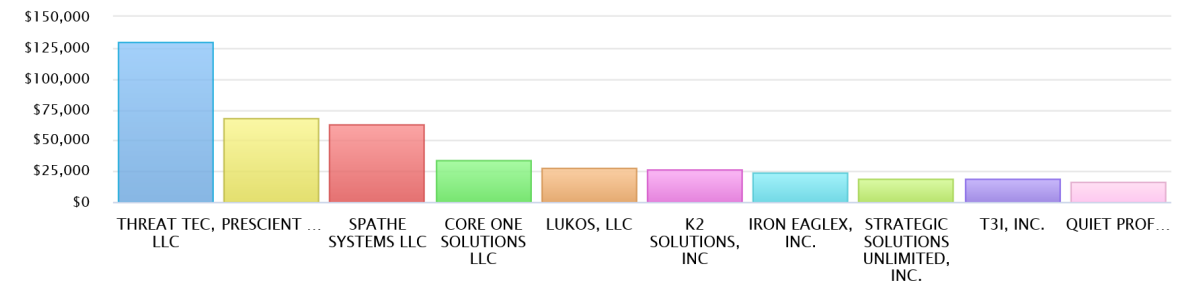

- » Follow-on to SOF Core Support (SCS) which itself was formerly known as SOCOM-Wide Mission Support (SWMS)
 - » The SCS contract was for a 5-year base + one 3-year option + one 2-year option – expiring September 2030 all options exercised
 - » Deltek does not believe the remaining options will be exercised
- » 46 incumbent contracts – only 15 planned contracts for follow-on
- » On / Off Ramps may occur
- » Due to the nature of the work and agencies involved, not all task order activity was reported publicly under the current contracts
 - » A Top Secret Clearance may be required
- » Will require Prime and Subcontractors to meet CMMC Level 1 Self-Assessment requirement by proposal submission date

Spending Analysis (\$000)

FY2020	115
FY2021	12,868
FY2022	70,881
FY2023	124,036
FY2024	161,018
FY2025	115,527

Competitive Analysis (\$000)

Cellular Wireless Managed Services (CWMS 3.0)

Opp ID # 244497

The Department of Homeland Security (DHS) requires continuing comprehensive commercial cellular wireless managed services. The services include access to multiple carriers and services; a web portal customized to each component to manage and report on the complete lifecycle of a device from order placement to recycling, program management services to oversee all aspects of the program, and a robust service desk to support all employees.

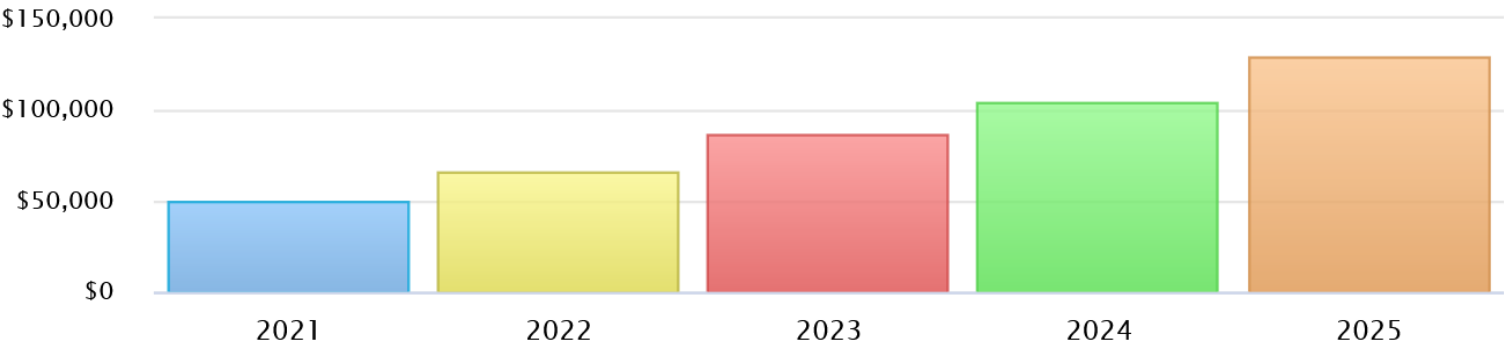

Buying Organization: Homeland Security
Solicitation Date: 11/2025 (Deltek Estimate)
Award Date: 04/2026 (Deltek Estimate)
Value: \$3.1 Billion (Government Estimate)
Competition Type: Small Business
Primary Requirement: Communications Services
NAICS Code: 517121, Telecommunications Resellers

What You Should Know

- » The original ceiling for CWMS 2.0 was \$500 million, later increased to \$754 million in June 2024 for the 5-year total duration
 - » CWMS 3.0 will have a \$3,066,613,353.66 ceiling for a 10-year total duration, per June 2025 Draft
- » The previous competition resulting in a single award. CWMS 3.0 will be a multiple award
- » NAICS 517121 replaced retired code NAICS 517911 used for CWMS 2.0
 - » Both codes have same title and size standard: Telecommunications Resellers, 1,500 employees
- » Prime Contractor or all Teaming Partners proposed in a JV or Mentor Protégé response must have an active Facility Clearance at the Top Secret level

Spending Analysis (\$000)

The current contract is held by WidePoint Integrated Solutions Corporation

FY2021	49,275
FY2022	66,629
FY2023	87,033
FY2024	105,110
FY2025	129,904

Technical and Management Advisory Services for the Test Enterprise (TMAS 3)

Opp ID # 238686

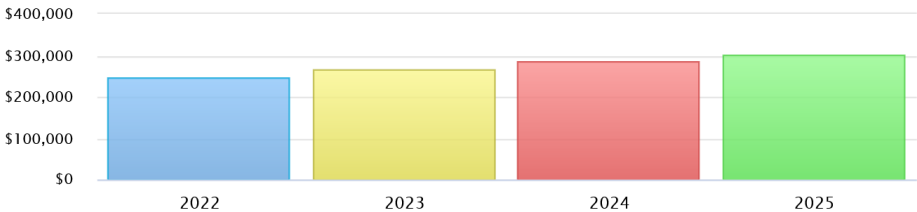

TMAS 3 (Test & Management Advisory Services 3) is the Air Force Test Center’s (AFTC) enterprise-wide contract vehicle for acquiring Management and Advisory Services. This contract provides professional services support across key AFTC locations, including Edwards AFB, Eglin AFB, and the Arnold Engineering Development Complex (AEDC).

Buying Organization: Air Force
Solicitation Date: 10/2025 (Government Estimate)
Award Date: 07/2026 (Government Estimate)
Value: \$1.5 Billion (Deltek Estimate)
Competition Type: Small Business (OASIS+ SB)
Primary Requirement: Research & Development
NAICS Code: 541715 (R&D) & 541330 (Engineering), both under exception 1

What You Should Know

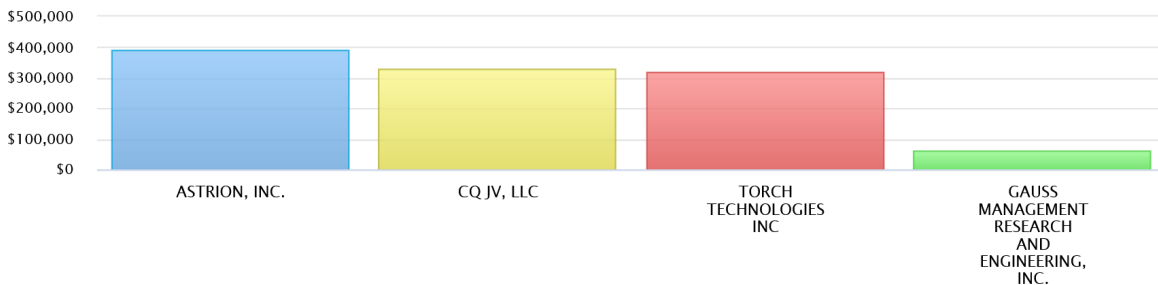

- » Four (4) FOPRs issued under Two (2) OASIS+ Small Business CLINs:
 - » 10302 - NAICS 541330 Ex 1 - Research and Development
 - » 412th Test Wing (412 TW)
 - » 10311 - NAICS 541715 Ex 1 - Research and Development
 - » 96th Cyberspace Test Group (96 CTG)
 - » 96th Test Wing (96 TW)
 - » Arnold Engineering Development Complex (AEDC)
 - » See GovWin Opp ID # [229756](#) for more information on OASIS+ SB
- » Value estimate based on combined award totals for all incumbents

Spending Analysis (\$000)

FY2022	245,459
FY2023	268,121
FY2024	285,381
FY2025	303,762

Competitive Analysis (\$000)

Census Bureau Transformation Application Modernization (CenTAM)

Opp ID # 237323

The U.S. Department of Commerce, Census Bureau (USCB) has a requirement for an enterprise-wide framework that will support the modernization and development of applications across the USCB enterprise, including business, IT, economic, demographic, geospatial, decennial, and research programs.

Buying Organization: Information Technology

Solicitation Date: 12/2025 (Deltek Estimate)

Award Date: 06/2026 (Deltek Estimate)

Value: \$1.0 Billion (Government Estimate)

Competition Type: Small Business (GSA MAS BPA)

Primary Requirement: Commerce

NAICS Code: 541511, Custom Computer Programming Services

What You Should Know

- » Four planned Blanket Purchase Agreements (BPAs)
 - » Enterprise (multiple award)
 - » Decennial (single award)
 - » Geospatial (single award)
 - » Systems and Program Support (SPS) (multiple award)
- » BPAs will be based off the based off the GSA Consolidated Multiple Award Schedule (MAS), under SIN 54151S, Information Technology Professional Services
- » Previously focused on the Decennial program, expanded to USCB Enterprise Wide
- » Though not included in the August 2025 announcement, the 2024 Questions and Answers indicated the clearance requirements will be the Census BI for non-sensitive public trust clearance (T1/Low Tier)
- » Industry is highly encouraged to collaborate and form teaming arrangements to respond to the future solicitation.

New

Deltek confirmed this is a new requirement; therefore, there are no incumbents.

CenTAM BPA Framework Cheat Sheet

	Enterprise	Decennial	Geospatial	Systems and Program Support (SPS)
Description	Supports large-scale efforts across all programs	Focuses on the Decennial Program	Focuses on the Geography Support Program	Supports smaller-scale efforts across all programs

Special Operation Forces Multiple Award Contract for Modifications (SOF/PR)(MACM)

Opp ID # 231499

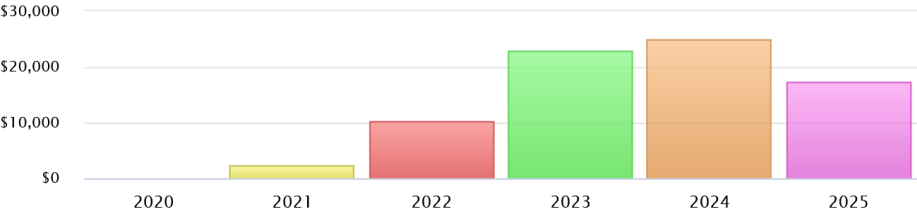

The Department of the Air Force, Air Force Materiel Command, Air Force Life Cycle Management Center, ISR/SOF Directorate, Special Operations Forces/Personnel Recovery (SOF/PR) and Rotary Division has a requirement for modification and sustainment support for SOF/PR and Rotary managed C-130, H-1, and H-60 aircraft, to include integrated weapon systems, subsystems, and associated support equipment.

Buying Organization: Air Force
Solicitation Date: 03/2026 (Deltek Estimate)
Award Date: 10/2026 (Deltek Estimate)
Value: \$996 Million
Competition Type: Small Business
Primary Requirement: Aircraft and Airport Equipment
NAICS Code: 336411, Aircraft Manufacturing

What You Should Know

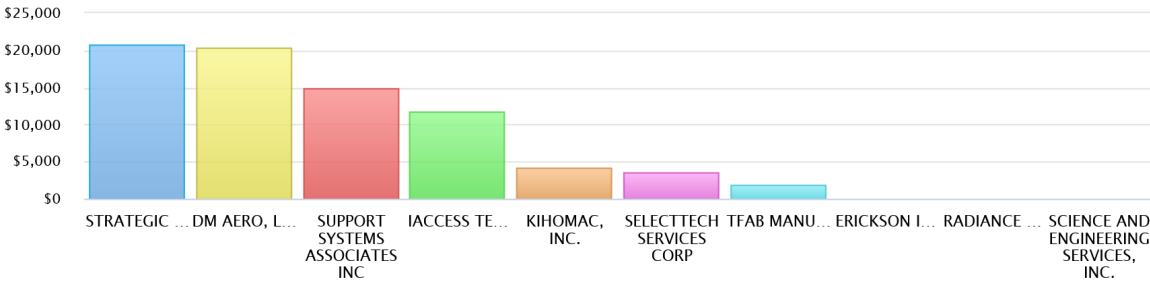

- » The previous competition issued a single solicitation for two pools; offers could bid on either or both pools:
 - » Pool A - Fixed Wing C-130J Beyond Line of Sight (BLOS) Data Link
 - » Pool B - Rotary Wing HH-60G BLOS Data Link
- » Three (3) contracts were awarded for Pool A, two (2) for Pool B, and seven awardees (7) held both pools
- » The requirements did not include Advisory and Assistance Services (A&AS) support
- » At time of award the requirements included these platforms:
 - » Fixed Wing: AC-130U/W/J, EC-130J, HC-130N/P/J, and MC-130H/P/J
 - » Rotary Wing HH-60G, TH-1H, and UH-1N

Spending Analysis (\$000)

FY2020	18
FY2021	2,260
FY2022	10,280
FY2023	22,970
FY2024	24,855
FY2025	17,390

Competitive Analysis (\$000)

Engineering Technical Support for Code 434 Habitability Program

Opp ID # 246373

The Department of the Navy, Naval Sea Systems Command, Naval Surface Warfare Center, Philadelphia Division, has a continuing requirement for Engineering Technical Support for Code 434 Habitability Program.

Buying Organization: Navy

Solicitation Date: 03/2026 (Deltek Estimate)

Award Date: 06/2027 (Deltek Estimate)

Value: \$986 Million (Deltek Estimate)

Competition Type: Small Business

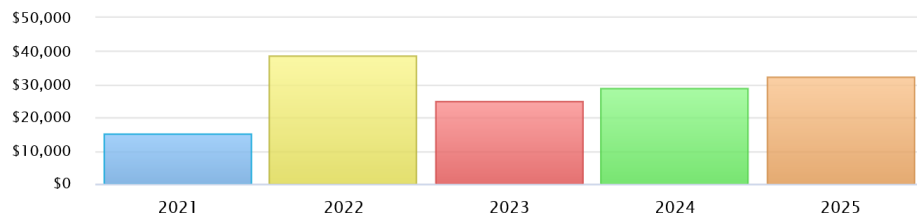

Primary Requirement: Ship Building

NAICS Code: 336611, Ship Building and Repairing

What You Should Know

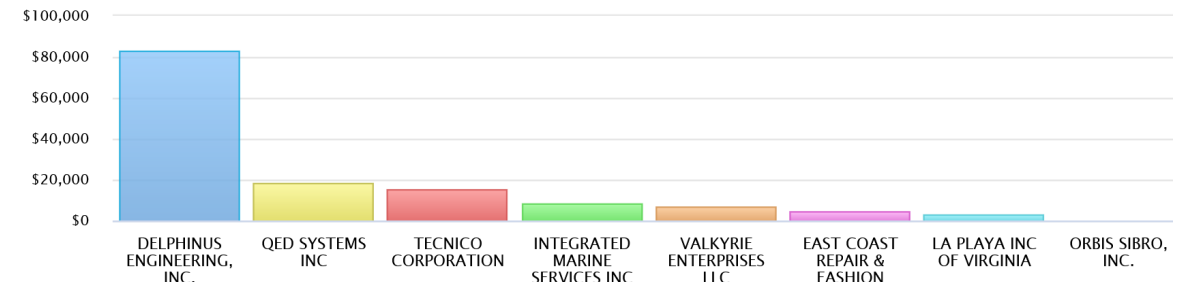

- » Secret clearance required for both personnel and facilities
- » Expect multiple award IDIQ, Cost Reimbursement type contract
- » For the five-year total contract period, 1,758,047 hours of technical support expected
- » With a small business size standard of 1,300 employees, Valkyrie Enterprises is the only one of the 8 incumbents is no longer a small business under NAICS 336611

Spending Analysis (\$000)

FY2021	15,348
FY2022	38,779
FY2023	24,852
FY2024	29,094
FY2025	32,227

Competitive Analysis (\$000)
