# 1 Welcome to the ComputerEase - Procore Interface

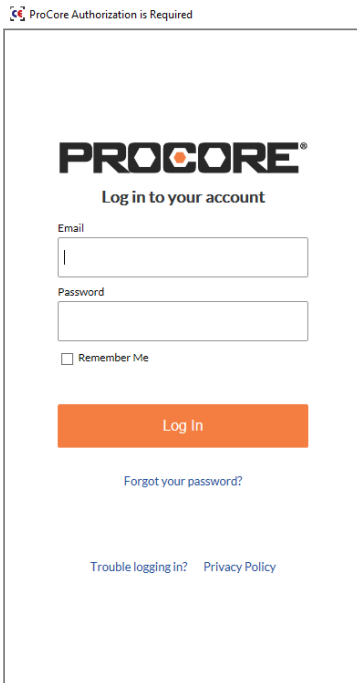

The ComputerEase Procore Interface seamlessly integrates ComputerEase with Procore. The interface allows ComputerEase users to quickly and easily export job and budget information to Procore.

## 1.1 How to export a job from ComputerEase to Procore

From the ComputerEase System Menu, go to **Job Costing System/Job Maintenance/Export a Job to Procore**

The first time the Export a Job to Procore is selected, ComputerEase will open a web browser and prompt you to enter your Procore credentials. Enter your credentials and click **Log In**.

ProCore Authorization is Required
