Verified First
DOWNLOADING THE VF EXTENSION
The most innovative way to connect to your HR solutions.

Robust enough to look like an integration—*button and all*—the **VF Connector** seamlessly connects your favorite HR solutions. ATS, CRM Payroll, and more, reducing data entry *and* streamlining the hiring process.

See for yourself! *It's as easy as 1, 2, 3.*

1. Download the VF Connector.

Find "Verified First" in your browser's web store. Install and allow the browser extension.

2. Log in to the VF Connector.

Open the VF Connector on your HR solution and log in with your Verified First account.

3. Vet your talent!

That's right—**you're ready to begin vetting!** Vet employees/candidates through background screening, drug screening, verifications, and I-9/ eVerify. Just open the extension in your HR solution, and you're good to go!
